Coming, seeing, being is not learning. To learn we must be taught. To be taught we must have teachers who care, those who are ready to devote a lifetime to sparking an interest, to creating a desire, to pursuing an education. These people are rarely given the recognition they deserve. They are frequently ignored and taken for granted. For this reason, the Class of '65 wishes to dedicate this year's Reflector to such an individual, Mr. Vincent L. Hetrick.

WAYNE,
(FATS)
to my best buddy I ever had. ALWAYS
remember the fun we had in and out of
School. I hope we have many more
year of fun together. Never Lose your
great sense of humor AND personality.
MAY God be with you throughout your
Life. ALWAYS remember me AS a
PAL of yours. GOOD LUCK IN ALL you do
(NOT THAT YOU NEED IT)
FRED

SOPHOMORE

Listening, talking, thinking, walking,
Seeing, and being a SOPHOMORE . . .
Studying, the bore, the chore, the
Bent back and hunched shoulders and
Sore eyes. It's loneliness, it's
Patience, it's humility, it's arrogance,
It's push, it's the grind, and some-
times . . . just sometimes . . . it's joy.
When the light dawns and the bulb lights
Up, that's when one understands what
Learning is.

It's Patience

JUNIOR

The almost, the moneyraisers—the JUNIOR
"want a magazine, lady?"

the very cool, no sweat, no worry, one year
to go—so go it slow; have fun, be exciting, be in
everything.

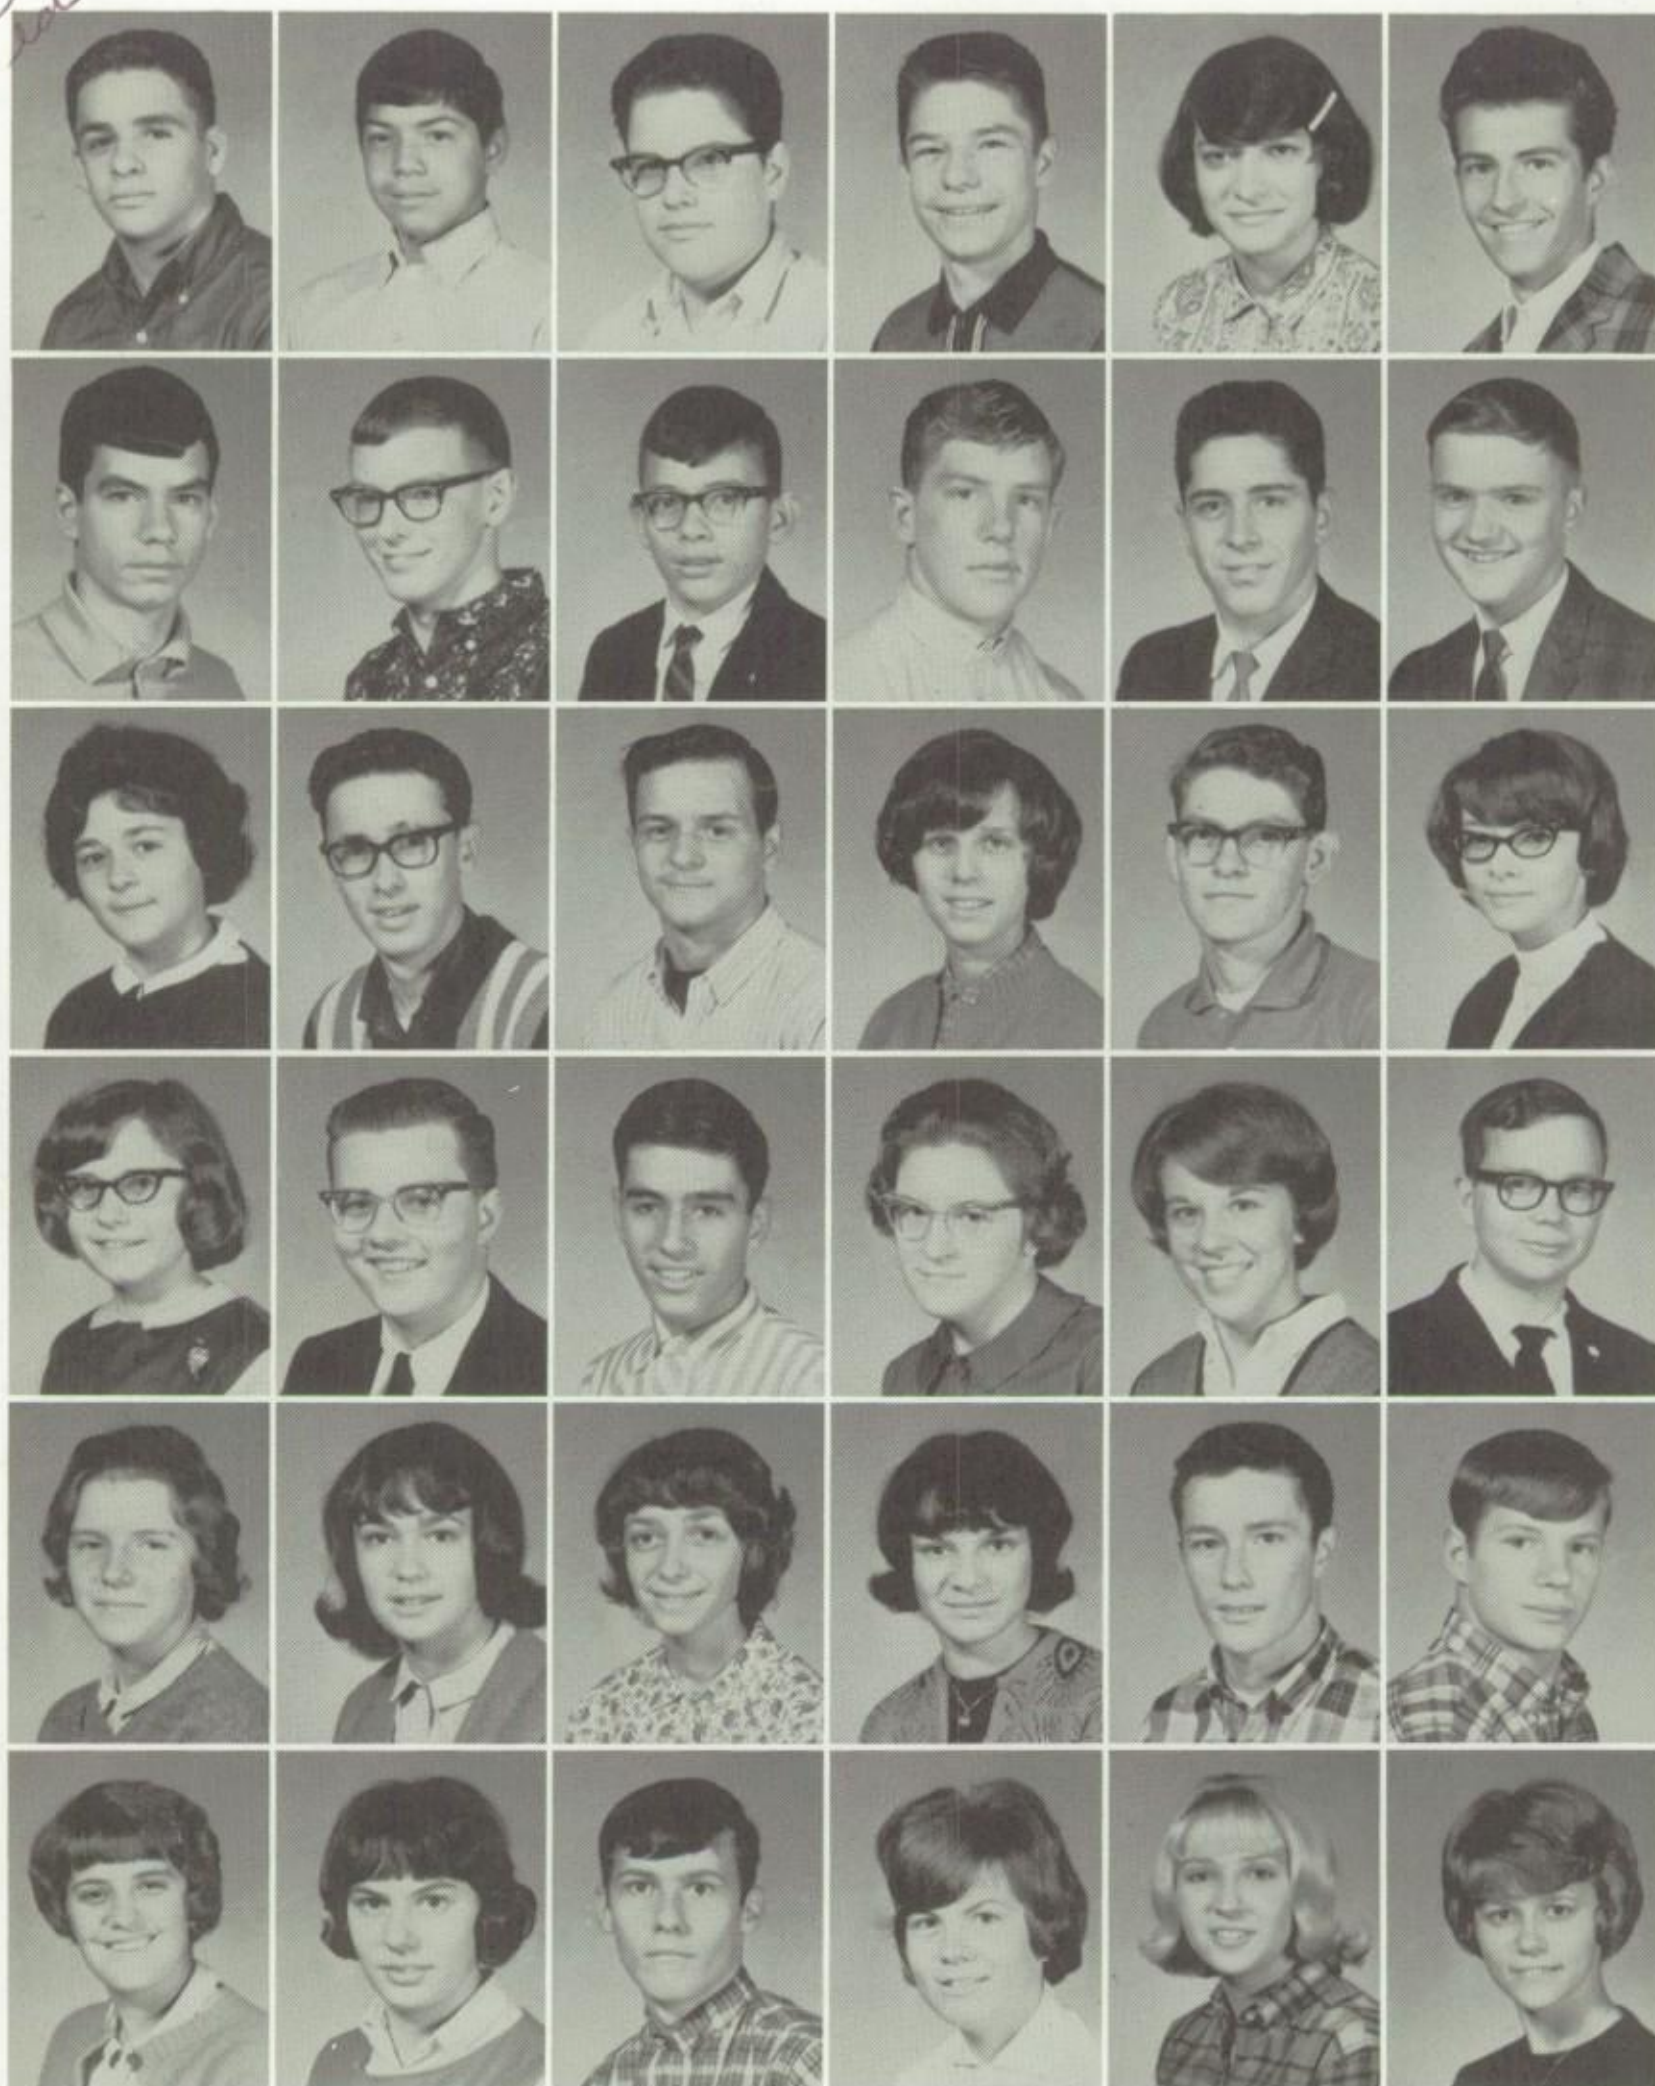

I look up to the seniors and down on the sopho-
mores, pity the freshmen, and am kind to jr.
highers. Here I am in between, but knowing,
waiting,

learning, growing . . .

growing to be better,
growing to be leaders,
growing to be seniors.
